Available at SCF VENICE

Exciting programs in growing fields

Skills for Today. Critical Thinking for Tomorrow.

Productive team players are valued by businesses. And no one prepares you to be a performing member like State College of Florida. We know the skills local businesses need because we ask, and we are nimble enough to retool and equip an educated workforce ready to contribute from Day 1. Learn how SCF’s programs provide practical training and critical thinking skills to help you succeed today and advance tomorrow.

Established 1957
Region’s first and largest public college
41,000 graduates and counting
