

RULE

Subject	Institutional Review Board	Number: 6HX14-1.44
Authority	F.S. 1001.64; 1001.65	Date: 6/24/09
History	6/25/08	
Source	Resource Development	

The President or his/her designee is hereby authorized to develop standard operating procedures for an Institutional Review Board (IRB), including the method of selecting board members and oversight of the board's activities. The IRB is charged with the responsibility of reviewing, approving/rejecting/negotiating changes, and monitoring appropriate aspects of any project that may include research involving human subjects as per 45 CFR Part 46 and any other relevant legislation, grant-funding requirement, rule established as authorized by law, or any rule of ethics promulgated by SCF or applicable professional organization.
