The Board of Trustees is authorized to defer student fees if it has a written promise to pay the fees from a business, industry, government unit, nonprofit organization or civic group. Due to the timing of the receipt of new written promises to pay and the payment of fees by students, the Board of Trustees delegates its authority for approval of such student fee deferrals to the President of the College. This rule authorizes the President to act on behalf of the Board of Trustees on proposals by a business, industry, government unit, nonprofit organization or civic group to pay student fees.
