It is the policy of the Board that the President or designee shall formulate procedures in compliance with State Requirements for Educational Facilities (SREF) to implement the requirements of Section 287.055, F.S., for selection of professional design and contracting services. Specified within the procedures, it is the intent of the Board to require adequate professional liability insurance related to the construction cost of a project to ensure sufficient coverage in the event of design failures, and appropriate surety bonds as required by law.
