Students who entered a Florida public high school in 2003-04 or thereafter and received a Florida standard high school diploma, and active duty military personnel are exempt from having to take the Florida common placement test - Postsecondary Education Readiness Test (P.E.R.T.) for placement purposes. All other students (non-exempt) must satisfy entry assessment requirements by completing the P.E.R.T. These non-exempt students may also present test scores from the Accuplacer - College Entry Level Placement Test, the Scholastic Aptitude Test (SAT-I) or the American College Testing - Enhanced ACT as alternative placement test scores. The State Board of Education establishes cut-off scores for placement purposes. Placement test scores are not required for students applying for transfer or readmission status who have satisfactorily completed college level English, reading, and/or mathematics courses.

All placement test scores remain valid for two (2) years. Students with expired placement scores are eligible to retake the Florida placement test only if they have never successfully completed the preparatory course(s) in the subject area. Placement test results will be used to aid in academic advising for exempt students and for accurate course placement and academic advising for non-exempt students.

Students eligible to request a retake of the Florida common placement test, P.E.R.T., must follow the guidelines outlined in Procedure 4.04.01: Florida Placement Test Retakes.
