The State College of Florida
Award in Developmental Mathematics

**Purpose:** The State College of Florida Foundation (SCFF) has established an award for students who have found success in mathematics after initially taking developmental math courses at SCF. This award will be given at the annual Honors Convocation each spring to two students. **This award is in the amount of $300 to each winner.**

**Eligibility:** To be eligible, students must be currently enrolled SCF students who have completed 2 Gordon Rule courses in mathematics **OR** who have completed 1 Gordon Rule course in mathematics and are currently enrolled in another Gordon Rule course in mathematics. **Applicants must have begun their mathematics education at SCF in MAT0018, MAT0028 or MAT0057.** Students should have accumulated at least 45 credit hours of college coursework by the end of the spring semester in which they apply. A student may apply only once, so that prior applicants are not eligible.

**Application Process:** All applicants should submit the following:

1. A completed application (available online or in the Mathematics Department).

2. A copy of the student’s SCF transcript (this may be an unofficial copy).

3. A typewritten description in Tahoma 12 font double spaced (no more than 2 pages) detailing the student’s future educational and career plans and describing how taking developmental mathematics at SCF has made an impact on the applicant.

4. Two letters of recommendation from instructors of mathematics, at least one of whom should have taught the student at the developmental level.

**These documents should be submitted simultaneously to Janet Samuels, Scholarship Coordinator, by Wednesday, March 28, 2018.** They can be hand delivered or mailed to: Janet Samuels c/o Department of Mathematics, State College of Florida, 5840 26th Street West, Bradenton, FL 34207.
